1. Check-In

Joe is busy.

Allison and kid are doing well.

Terry is fine.

Bill is happy to be here planning on remodeling his kitchen this of course will be delayed until after the fishing extravaganza. He will be in the office week of May 18th

Greg—also remodeling - his bonus room over his garage, 4 wheeler is back to running

Ron – working on his racecar and got his son working on it, plans to be running in June

Gena Townsend absent No proxy given for eco issues Joe has proxy for all other issues

Brian absent - proxy given to Allison.

Tom absent.

No facilitator.

No tier II link.

2. Minute Approval

Typographical and grammatical corrections from previous minutes should will be e-mailed to Ron.

Consensus on Content achieved.

3. Deliverable Review

The team reviewed the Tier II deliverables Bill has been revising.

Action Item 0104-A1 The team is to review the deliverable submittal and provide comments to Bill prior to the next meeting.

4. Tier I/Tier II Presentation

The presentation was reviewed by the assembled team members.

5. Miscellaneous

The Site 15 CCI workplan has been submitted for review - Joe believes he has submitted an approval letter

Since site 43 is an **IRA** the workplan is not an official document so FDEP may not have to review unless they want to. This means FDEP will be able to send out e-mail comments instead of hard copies.

LUCIP comments:

Joe FDEP is developing an institutional control registry. LUCs to be listed by facility in .pdf format for public use.

Pensacola has 3 LUCIPs –

- 1)Site 1
- 2)OU10
- 3)Site 15

Frank Chapelle is doing an ORC injection demo at wastewater treatment near MW8
