Pensacola, Florida**

**Date:** October 3, 2008

**Time:** 2:08 pm - 2:31 pm

**Participants:**

Patty Marajh Whittemore (NAVY)

Tracie Bolaños (FDEP)

Yarissa Martínez (TtNUS)

Greg Campbell (NAVY)

Greg Wilfley (CH2M Hill)

Gerry Walker (TtNUS)

Ron Kotun (TtNUS)

Greg Fraley (USEPA)

Brian Caldwell (TtNUS)

**Purpose:** The purpose of the meeting was to inform the partnering team about the OU2 ROD status, get consensus for the topics to be addressed in the RAB and to follow up on various pending items.

**Topics discussed:**

- ✓ DQO SAP rescheduling because of conflict.
  - It was agreed that the DQO conference call will take place Tuesday October 14, 2008 from 1-4pm EST and Thursday from 1-4pm EST.
- ✓ OU 2 ROD
  - EPA signed the ROD on 9/30/2008
  - FDEP received the concurrence memo that will be submitted to FDEP management for approving the ROD.
- ✓ Five year Review
  - EPA has approved the Five Year Review
- ✓ Site Management Plan
  - Was delivered to the agencies on 9/30/08
  - Needs approval from the regulating agencies
  - Follows the exit strategy and Gant chart dates
  - EPA will review the SMP during the upcoming week.
- ✓ Site 46
  - During the on board review on the last Partnering Meeting (9/17/08), the Site 46 RI was approved by FDEP with exception of the comment that questioned why phenol was not a COC. TtNUS will add phenol to the COCs and will finalize the RI.
  - TtNUS will begin the Draft FS for the site after the Final RI has been submitted.
- ✓ OU 4 MNA sampling
  - Aerostar sampled the replacement well and reported an arsenic concentration above 800 ppm. Therefore, this site will not be proposed for NFA and quarterly monitoring will continue.
- ✓ OU 1
  - FDEP has been reviewing the issues with wetland 3 and wetland 4 point of compliance and decided they could agree to relocate the point of compliance to midway between the culvert and wetland outlet to Bayou Grand.
- ✓ RAB Topics
  - OU 2 ROD
  - Five year review
