**DO 0072, SUBMITTAL OF COMPLETION REPORT FOR PHASE I,  
GROUNDWATER TREATMENT AND RECOVERY SYSTEM,  
OPERABLE UNIT 1, NAS PENSACOLA, FLORIDA**  
Site/Subject Codes: 1250

Dear Mr. Hill:

Enclosed are two copies of the *Completion Report for Phase I Groundwater Treatment and Recovery System, Operable Unit 1*, NAS Pensacola, March, 2000. This report contains a summary of the site background and regulatory setting; a description of the groundwater treatment and pumping system; an overview of the construction activities; and a summary of operation and maintenance (O&M) records since the startup of the system. Also, included with the report are photographs of each major construction activity, as-built drawings, and copies of O&M records. A detailed O&M manual has been prepared and will be transmitted under separate cover.

In addition to the two copies provided SOUTHDIV, we are sending Ron Joyner three copies so that additional copies will be available for EPA Region 4 and the Florida Department of Environmental Protection. Please let us know if you require any further information pertaining to the completed installation.

Sincerely,

J. Robin Manning, P.E.  
Project Engineer
