**RE: Groundwater Monitoring Plan, (Revision No. 00) Operable Unit 4, Site 15,
NAS Pensacola, Florida**

Dear Mr. Hill:

I have completed the technical review of the above referenced document dated June 2003 (received June 26, 2003) and have the following comments:

1. Page 1-4, Section 1.3: Remove "until the contract period of performance expires". The groundwater monitoring plan for this site is not dictated by when the performance period ends, please change.
2. Page 4-1, Section 4.1: Clarify the sampling frequency to take place for this site.

If I can be of any further assistance with this matter, please contact me at (850) 245-8998

Sincerely,

Tracie L. Vaught
Remedial Project Manager
