RE: Draft Focused Feasibility Study Report Addendum ⁰⁰² ~~Site 2-Waterfront~~
~~Sediments~~, NAS Pensacola, Florida

Dear Mr. Hill,

The Department has reviewed the subject document dated December 14, 2005 (received December 19, 2005) and find it to be adequate for its intent and approved. Please see the attached Certification of Approval from Jeff Lockwood P.E.. If I can be of any further assistance with this matter, please contact me at (850) 245-8998.

Sincerely,

Tracie L. Vaught
Remedial Project Manager

Memorandum

January 20, 2006

CERTIFICATION OF APPROVAL

RE: Feasibility Study Report
Operable Unit 2
NAS Pensacola
Pensacola, Florida

In my professional judgment, the engineering features described in the remediation alternatives under preferential consideration in the above-referenced document with a cover letter dated December 14, 2005 (received December 19, 2005) provide reasonable assurance of reducing applicable pollutants that may be potentially harmful or injurious to human health or welfare and animal or plant life in accordance with state requirements described in Chapter 376, F.S.

I have not evaluated and do not certify aspects of this feasibility study that are outside the limits of my review responsibilities and outside of my area of expertise, including but not limited to electrical, mechanical, and structural features.

Jeffrey D. Lockwood, P.E.
