**Notice of U.S. Navy's Proposed Plan for
Soil and Groundwater Remediation
at Operable Unit 18,
Naval Air Station Pensacola:
Public Comments Solicited**

As part of the Installation Restoration Program at Naval Air Station Pensacola, the Navy proposes remedial actions at Operable Unit 18. Unit 18 is comprised of a single site; Site 43 - the Demolition Debris Disposal Area in the southeast portion of the facility.

Remedial Alternatives are being explored due to the presence of chemicals in the soil and groundwater. An alternative will be chosen based on overall protection of human health and the environment, short and long-term effectiveness, reducing toxic levels of contamination, volume of contaminants, ability to execute the cleanup alternative, economics, and state and community acceptance.

The Proposed Plan provides background information for the site and information about the investigation of the sites. The plan also explains the alternative cleanup methods being explored and describes the various community participation activities available to the public.

Naval Air Station Pensacola invites the public to review the Proposed Plan, at the John C. Pace Library, University of West Florida, 11000 University Parkway Pensacola, Florida 32514. A public comment period will begin on July 20, 2009 and continue until August 19, 2009.

Written comments are due by 4:00 p.m. August 19, 2009, and should be submitted to:

Mr. Greg Campbell
Environmental Department
Naval Air Station
Building 3560,
310 John Tower Road
Pensacola, FL 32508-5000
Phone: (850) 452-3131 ext 3007
Facsimile: (850) 452-3447
e-mail:
gregory.campbell@navy.mil

If requested, a public meeting will be held to discuss the Proposed Plan findings and to provide an opportunity to comment on the Proposed Plan.

At the meeting the Navy will discuss the Proposed Plan. All written comments presented at the meeting or provided prior to the comment period deadline will be summarized and recorded in the Responsiveness Summary, which will become part of the Record of Decision for Operable Unit 18.

For information about the public comment period, public meeting, or any environmental cleanup activities at Naval Air Station Pensacola, please call Mr. Greg Campbell at (850) 452-3131 ext 3007 or e-mail to gregory.campbell@navy.mil
