RE: Letter Report for Supplemental Site Assessment  
Sampling, Site 1140NW, Outlying Landing Field Bronson,  
Pensacola, Florida, DEP Facility # 179300938

Dear Mr. Glover:

I have completed the technical review of the above referenced document dated September 11, 2001 (received September 12, 2001). The document is adequate for its intent.

I concur with the recommendation to perform a Treatability Study for injecting oxygen releasing compound (ORC) into the groundwater and resampling onsite monitoring wells for PAHs.

If I can be of any further assistance with this matter, please contact me at (850) 921-9989.

Sincerely,
