ADDITIVE TO MODIFICATION #9  
MODIFICATION #22

I. INTRODUCTION.

A. Project Title: Engineering Services to Update/Revise Conducted Soil/or Groundwater Contamination Investigations at Naval Air Station Pensacola, Florida.

B. Location: Batch 2: Sites 3, 7, 9, 10, 21, 23, 27, 29, 31, 34, 36 at the Naval Air Station Pensacola, Florida (Groups F, G, J, K, M, and N) and outlying supports fields (the "Naval Air Station" or "NAS" means the Naval Complex at Escambia County (Pensacola), Florida, with all supporting activities for the installation, both contiguous and non-contiguous).

C. Background: See Basic Award Statement of Work dtd November 7, 1989, and December 20, 1990- Mod. #9.

D. Special Instructions: See Basic Award Statement of Work dtd November 7, 1989 and December 20, 1990- Mod. #9.

E. Applicable Documents: See Basic Award Statement of Work dtd December 20, 1990- Mod. #9. The following document is also to be included: "SOUTHNAVFACENGCOM Environmental Engineering Report/Manual Publication Format Guidance".

F. Administrative Documents: The Revised General Quality Assurance Project Plan (GQAPP), General Health and Safety Plan (GHSP), and the Site Specific QAPP and HSP in previous contract actions (basic award Contract N62467-88-C-0200) shall be reviewed and the updated revisions shall be referenced in the appropriate locations in the Phase II Workplans for Batch 2 to reflect the work which has been accomplished or any changes since Modification #9, Statement of Work, and as well as any General EPA comments received for Batch 1: Phase II workplans that are applicable.

Enclosure (1)

II. SCOPE OF WORK.

1. The contractor shall revise the Recommendations identifying the Phase II field work that normally would have accompanied the Draft Interim Data Reports for Groups F, G, J, K, M, and N for any continued required work to be performed at NAS Pensacola based on the EIC/RPM/TRC and installation comments which will be provided. This effort will required the revisions of the previous approved workplans for the Phases I and II of the above identified Groups, and the development of a separate report to contain the revised Phase II sections, placing the old section for Phase II as an appendix to the workplans. The contractor shall provide full explanations and rationale for the necessary additional Phase II field work based on the Phase I data results of the RI/FS process. The contractor shall submit Draft, Draft/Final, and Final (one copy of Draft reports to EIC, and the necessary copies identified by the installation to the activity, as well as one copy to the Clean II contractor- Ensafe/Allen & Hoshall, Inc.), within 15 days of receipt of comments for the EIC/installation; the contractor shall prepare Draft Reports for submittal to the TRC and regulatory agencies (1 copy to EIC, and the appropriate copies to the installation, and to the Clean II contractor) within 30 days (or earlier) of receipt of comments from the EIC/TRC/RPM. The contractor shall then respond to all comments on the Draft/Final report and within 15 days shall issue any page revisions or reports to finalize the submittals (2 copies to the EIC, and the appropriate copies to the installation, and one copy to the Clean II contractor).
