Gentlemen:

Enclosed for your review are two copies of the draft No Further Response Action Planned - Decision Document (NFRAP-DD) for Sites 1, 2, and 3 at the Naval Ammunition Support Department (formerly Naval Ammunition Facility) on Vieques Island, Puerto Rico. The three sites have been investigated in an initial assessment study (September 1984), a confirmation study (April 1988), and a Preliminary Assessment Site Inspection (1992). Copies of these studies have been previously submitted to your office and the Puerto Rico, Environmental Quality Board (EQB).

U.S. Navy policy is to prepare decision documents for all non-National Priority List (NPL) sites, and request EPA and state/commonwealth concurrence. The Navy has discussed this approach with Ms. Helen Shannon and Mr. Elgin Pruder of Region II, Federal Facilities Section.

We request that you review the enclosed NFRAP-DD and provide comments or concurrence within 30 days from receipt. A meeting can be scheduled upon completion of EQB and your office review if requested or warranted.

Should you have any questions, please call Mrs. Madeline Rivera, of my staff, at (787)865-4429.

Sincerely,

S. CASTILLO
