Subj: REVISED EXTENSION REQUEST FOR SUBMITTAL OF SWMU 77 DRAFT PHASE I
RFI WORK PLAN

Dear Mr. Gordon:

Per EPA letters dated 5 January 2009 and 5 March 2009, the EPA requested the Navy submit by 6 April 2009 the draft Phase I RFI Work Plan for SWMU 77, Small Arms Range. On 3 April 2009 the Navy submitted a letter requesting an extension until 90 days after cessation of usage of the range because of continued operation of the range.

The Navy hereby wishes to modify the requested submittal date of the draft Phase I RFI Work Plan from 90 days after cessation of usage of the range to 30 Oct 2009. The basis of this date is based on the time required for the Navy to obtain necessary funding, the time to get a contract negotiated with the contractor and the time required for the contractor to develop the work plan.

Should you have any questions, please contact me at (843) 743-2124 or via email at mark.e.davidson@navy.mil.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark E. Davidson".
