Subject: Re: Working Draft - SWMU 56 Statement of Basis/Proposed Final Remedy Decision

Hi Stacin,

EPA has reviewed the responses and revised SoB document for SWMU 56 (Hangar 200). Based upon our review, I have no further comments and find the changes acceptable.

Since EQB has also reviewed the document and found them acceptable (see e-mail from 10/24/12), you can proceed to finalizing the SoB.

regards,

doug pocze

This Email message contained an attachment named image001.jpg which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
