MEMORANDUM

From: Installation Restoration Program Manager
To: Commanding Officer
Via: (1) Environmental Engineering Director
(2) Public Works Officer

Subj: MEMBERS RECOMMENDED FOR THE RESTORATION ADVISORY BOARD

1. The Restoration Advisory Board (RAB) selection panel is responsible for recommending to the Commanding Officer, members for the RAB. The panel is composed of members of the existing Technical Review Committee for the Installation Restoration (IR) Program. The members are:

Juan José Babá - P.R. Environmental Quality Board
Félix López - U.S. Fish and Wildlife Service
Hon. Irma Pedraza - Mayoress of Ceiba
José Negrón - Navy's Regional Environmental Coordinator
Madeline Rivera - IR Program Manager

2. Each member of the selection panel reviewed the applications and considered the applicant's interests in participating on the RAB, and how they can help the Board with the education and outreach requirements of the IR program. Based on this review and considering that only eight applications were received, it is recommended that all of the applicants become members of the RAB. The recommended community members are:

Mr. Jesús Marte
Ms. Melitza Pérez Martínez
Mrs. Ruth Herrera Rosario
Mr. Richard Rexach
Mrs. Cecilia Villegas Catala
Mrs. Adelaida P. Ripoll
Ms. Venus Ross
Ms. Iliá Pedraza

3. The selection panel feels that these members are in the best positions to reach the community since they represent a mix of interests (teachers, civil groups, government employees, political parties, etc.).

4. The selection panel requests that you endorse our recommendation by endorsing this memorandum.

5. If you have any questions, please contact me on extension 4429.

MADELINE RIVERA
