Subject: **Draft** After Action Report (AAR) for NASP Outlying  
Landing Field Saufley Field Practice Bombing Target

Dear Mr. Schoolfield:

Enclosed is one hard copy and one CD containing the After Action Report (AAR) for the Remedial Investigation at the NASP Outlying Landing Field Saufley Field Practice Bombing Target.

The AAR was prepared in accordance with NOSSA Instruction 8020.15 D Section 1(g). The AAR is in the format specified in Enclosure 5 of the instructions.

The Navy RPM is required to submit the AAR to NOSSA for their review and endorsement to the DDESB. The draft AAR shall be attached to a digitally signed e-mail sent to [inhdnossa-ess@navy.mil](mailto:inhdnossa-ess@navy.mil). An AAR larger than 5 MB should not be attached to the e-mail; instead the e-mail should include the full path logon and password to access a file sharing utility from which NOSSA can access the electronic file.

Please note that the AAR does not include supporting QA information. This information is in separate electronic folders. These may be submitted along with the AAR. However, NOSSA will not submit support documentation to DDESB.

Please contact Erica Love at 412-920-7009 (e-mail: [Erica.Love@tetrattech.com](mailto:Erica.Love@tetrattech.com)) or the undersigned at 412-921-8308 (e-mail: [Ralph.Basinski@tetrattech.com](mailto:Ralph.Basinski@tetrattech.com)) regarding any questions or comments.

Sincerely,

A handwritten signature in black ink that reads 'Ralph R. Basinski'.
