Dear Mr. Grabka:

On behalf of the US Navy, Naval Facilities Engineering Command – Southeast; Tetra Tech NUS, Inc. is pleased to submit for your review the Draft Site Assessment Report for Site 4, Fueling Facility and Former Hangars Area, Saufley Field, Pensacola, Florida. Originally this site was investigated under the Installation Restoration program and a Remedial Investigation (RI) Report was completed; however, the site was transferred to the Petroleum Program and the RI Report was rewritten as a petroleum site - Site Assessment Report.

Following your review of the document and incorporation of any comments we receive, a final edition of the document will be published. If you have any questions, please call Mr. John Schoolfield at 904542-6418 or me at (850) 385-9899.
