RE: Final Site Assessment Report for Saufley Field Site 2, Revision 1, Saufley Field,
Pensacola, Florida

Dear Mr. Schoolfield:

I have reviewed the Final Site Assessment Report for Saufley Field Site 2 (Fire Fighter Training Area), Revision 1, Saufley Field, dated August 2012 (received September 4, 2012), prepared and submitted by Tetra Tech, Inc. The report is suitable for its intent and approved as final. The Department concurs that Navy fire fighter training activities at the site have not had an adverse effect at the site that would require further assessment or remedial activities.

If you have any questions, please contact me at (850) 245-8997.

Sincerely,

David P. Grabka, P. G.
