RE: Final Investigation for Munitions and Explosives of Concern Report at Munitions Response Site, Saufley Field Practice Bombing Targets, Saufley Field, Pensacola, Florida.

Dear John:

I have completed my review of the Final Investigation for Munitions and Explosives of Concern (MEC) Report at Munitions Response Site, Saufley Field Practice Bombing Targets, Saufley Field, dated September 2014 (received September 24, 2014), prepared and submitted by Tetra Tech, Inc. The Department appreciates the opportunity to review the report. The geophysical investigation work conducted verifies the lack of munitions and explosives of concern at the site. The Department concurs with the recommendation that No Further Action is necessary at this site with regard to investigating or remediating munitions or munitions constituents.

If you have any concerns regarding this letter, please contact me at (850) 245-8997.

Sincerely,

A handwritten signature in blue ink that reads "David P. Grabka". The signature is fluid and cursive, with a long horizontal line extending to the right.
