RE: Remedial Investigation for Site 41, Former Pesticide Storage Building 1485C, Rev. 1, Naval Air Station Whiting Field, Milton, Florida (Tetra Tech NUS, Inc., February 17, 2009)

Dear Mr. Kissam:

I have reviewed the above document dated February 17, 2009 (received on February 18, 2009). The purpose of this Remedial Investigation (RI) is to document field investigation activities associated with the RI of the soil for Site 41 and to report the results from the soil investigation. Comments pertaining to the draft version of this document were received by Tetra Tech NUS and have been incorporated into this new document labeled as revision #1. The document is acceptable to the FDEP for its intent and purpose.

Thank you for the opportunity to review this document. If you require additional clarification or other assistance please feel free to contact me at 850/245-8999.

Sincerely,

John Winters, P.G.
Remedial Project Manager
