Captain C. L. Lavinder  
Commanding Officer  
Whiting Field Naval Air Station  
Milton, Florida 32570

Dear Captain Lavinder:

As agreed with Commander Hagge, I have attached drafts of a proposed Consent Order and a Notice of Violation. These drafts represent the two legal administrative alternatives available to the Department to formalize actions required and resolve the spent aircraft storage battery problem at Whiting Field. The Department would prefer execution of the Consent Order to resolve the situation. If such an agreement cannot be arranged, the Department has no alternative but to proceed with the more formal arrangement of the Notice of Violation.

I request that you review the enclosed and advise my office as to the acceptability of the Consent Order.

In the event you or Commander Hagge desire to discuss the Order or have any questions, please do not hesitate to call me at telephone (904) 436-8320.

Sincerely,

George E. Hoffman, Jr.  
District Enforcement Officer
