Charleston, S.C. 29411-0068

Dear Mr. Campbell:

This is in response to your recent letter requesting a change in the volatile organic chemical (VOC) method. We concur with your request "to change the VOC procedure from CLP-COP using gas chromatography/mass spectroscopy....to method SW-846 no. 8240 using a 25 ml sample size. As we have discussed previously, EPA must also agree to any changes from the approved Work Plan.

If I can be of any further assistance with this matter, please contact me at 904/488-0190.

Sincerely,

Eric S. Nuzie
Federal Facilities Coordinator
