RE: Response to FDEP Comments regarding Technical  
Memorandum No.4-Hydrogeologic Assessment for NAS  
Whiting Field, Florida.

Dear Mr. Adams:

I have reviewed the referenced response dated October 1994  
(received October 20, 1994) and have found it to be adequate for  
the purposes of the Technical Memorandum. I concur that all  
monitoring well locations be included on future maps regardless  
of depth, date, or reason for installation.

If I can be of any further assistance in this matter, please  
contact me at (904) 488-3935.

Sincerely,

*Bruce Arnett*
