RE: Remedial Investigation and Feasibility Study Technical Memorandum No. 4,
Hydrogeologic Assessment, NAS Whiting Field

Dear Mr. Adams:

I have reviewed the above document dated January 1995 (received January 26, 1995) and have found the document to be adequate for characterizing the hydrogeologic conditions at Naval Air Station Whiting Field. Since this is a final draft of this document, please furnish a signed and sealed certification per Chapter 492.111 (3), Florida Statutes. In the future, please include professional certification of all final technical documents when they are submitted for our review. If you have questions or require further clarification, please contact me at (904) 488-3935.

Sincerely,

James H. Cason
Remedial Project Manager
