RE: Response to Comments, Technical Memorandum No. 3, Soils Assessment, RI Phase IIA,  
NAS Whiting Field, Milton, FL

Dear Mr. Adams:

Greg Brown, P.E., and I have reviewed the Navy's Response to Comments dated May 16, 1995 (received May 19, 1995) for Draft Technical Memorandum No. 3, NAS Whiting Field; I have also received a copy of the final draft from ABB Environmental Services. I have found them to be adequate. When approval of the final draft is also approved by EPA, we will consider the document as final.

Thank you for the opportunity to review this document. If you have questions or require further clarification, please contact me at (904) 488-3935.

Sincerely,

James H. Cason  
Remedial Project Manager
