RE: Draft Proposed Plans: Sites 3, 4, 6, 30, 32 and 33, NAS Whiting Field

Dear Ms. Martin:

This is to confirm that I will not furnish formal written comments on the above Proposed Plans since Phil Ottinger and I reviewed them by telephone early last week and the Partnering Team reviewed them at the Partnering meeting late last week. I understand that Phillip Ottinger will send the revised documents by mail so that I can conduct a more formal review. I think we have saved a considerable amount of time by review them in this way and I hope we can do other documents in a similar manner.

Thank you for the opportunity to review this document. I look forward to the next draft of the above Proposed Plans. If you have any questions, please feel free to contact me at (850) 921-4230.

Sincerely,

James H. Cason, P.G.
Remedial Project Manager

CC: Craig Benedikt, EPA Region IV, Atlanta
