Montgomery, AL 36130-1463

**SUBJECT: OLF Barin Plan of Action (POA) and IDW Management Plan  
at Outlying Landing Field (OLF) Barin Foley, Alabama  
Contract No. N62467-89-D-0317**

Dear David:

Enclosed please find a copy of the Plan of Action (POA) proposal for further work at OLF Barin, to include an additional field investigation, and report writing (Performance Criteria Plans and Closure Reports) to support Interim Removal Actions at Site 19B and Site 24B. This document should provide you with a detailed description of the scope of work to be performed.

In tandem with this document, I have also enclosed a copy of the Investigation Derived Waste (IDW) Management Plan you had requested, which discusses disposal of wastes during sampling activities. Please note that it is being sent out in "draft" form, and therefore is at this time, open to any comments or suggestions you may have.

Lastly, enclosed please find an original copy of the letter discussing the reasons why we would like you to consider the Abandoned Firefighting Training Area (Site 24B) for Interim Removal Actions under Alabama Underground Storage Tank guidance.

Look forward to hearing from you soon. As always, if you have any questions concerning the information or the program in general, please contact me at (904) 656-1293, Ext. 256.

Sincerely

ABB Environmental Services Inc.

Kathy Hodak
