

5090
Ser 1811GM/L3204
2 March 1993

From: Commander, Western Division, Naval Facilities Engineering Command
To: Commanding Officer, Naval Aviation Depot, Alameda

Subj: SAMPLING RESULTS, SITES 4 AND 5, NAS ALAMEDA

Ref: (a) NADEP Alameda letter 5090 Ser 612/0235 of 29 Jan 1993
(b) Meeting between NAS Alameda/NADEP Alameda/WESTDIV on 17 Feb 1993

Encl: (1) Responses to NADEP's comments
(2) Volume 2 of 2 of Draft Final Data Summary Report, Background and Tidal Influence Studies, and Additional Work at Sites 4 and 5 dated August 4, 1992

1. Enclosure (1) is the response to your comments raised by reference (a).
2. Based on the two reference documents cited in reference (a), it was apparent that the August 4, 1992 Draft Final Data Summary Report, Background and Tidal Influence Studies, and Additional Work at Sites 4 and 5 was not available for NADEP review in conjunction with the Second Round Addendum Report. Volume 1 of 2 of this report was delivered to Mr. Roger Caswell of NADEP in our reference (b) meeting. Volume 2 of 2 is forwarded as enclosure (2). In general, the August 4, 1992 report should give you a more complete picture of the investigative results at the NADEP sites.
3. Please contact Mr. Gary J. MuneKawa, Code 1811GM, (415) 244-2524 or Mr. George Kikugawa, Code 1811GK, (415) 244-2559 if you need further information.
