WORKPLAN

Ref: (a) January 24, 1995 meeting to discuss comments on the Baseline Human Health Risk  
Assessment

Encl: (1) Final Baseline Human Health Risk Assessment, NAS Alameda, CA, dated April 17,  
1995

1. Enclosure (1), is the Final Baseline Human Health Risk Assessment Workplan for NAS Alameda. This document has been revised according to agreements made at reference (a) and the written comments received. Further, as agreed at reference (a), the fish consumption pathway has been removed from the document pending future discussions regarding this exposure pathway.

2. The finalization of this document coincides with the selection of a complete background data set. The Navy is proceeding to implement enclosure (1). The Navy like to thank you for your participation in the development of this document and anticipates further progress and team work in the environmental projects at NAS Alameda.

3. Please call me for questions or comments at 415-244-2596.
