CLOSURE (BRAC) CLEANUP PLAN (BCP) (MARCH 1995) FOR AUXILIARY
LANDING FIELD, CROWS LANDING, CA

Encl: (1) Appendix A for Auxiliary Landing Field Crows Landing BCP of March 1995

1. The enclosure, which shows estimated cleanup costs for Auxiliary Landing Field Crows Landing from Fiscal Year 1995 and beyond, is hereby transmitted for your information and use. The cost data was not originally included in the BCPs because of the time it took to develop consistent Navy-wide environmental cost estimates through the Cost-to-Complete methodology.

2. Please direct any questions you may have to the installation's BRAC Environmental Coordinator (BEC), Mr. Stephen Chao at (415) 244-2583.

3. Thank you for your participation and support. We look forward to continually working with you on environmental cleanup and compliance at our closing bases.
