**Subject: Naval Auxiliary Landing Field Crows Landing
Final Documents**

Dear Mr. Chan:

Enclosed with this letter are copies of the following documents for Naval Auxiliary Landing Field (NALF) Crows Landing:

- Final Site Investigation Addendum Report, Installation Restoration Program Sites 17 and 18
- Final First Quarterly Groundwater Monitoring Report, June 1994
- Final Second Quarterly Groundwater Monitoring Report, September 1994
- Final Third Quarterly Groundwater Monitoring Report, December 1994
- Final Fourth Quarterly Groundwater Monitoring Report, March 1995

These documents have been finalized to update the NALF Crows Landing administrative record. No revisions to the draft or draft final versions of these documents were made. New information generated for both the Installation Restoration Program sites and the groundwater monitoring program will be added to future remedial investigation or groundwater monitoring reports.

Copies of the new cover sheets for these final documents have been supplied to the NALF Crows Landing cleanup team. The cleanup team should attach the new cover sheets to the existing draft or draft final versions of these documents.
