Mr. James Pinasco
Department of Toxic Substances Control, Region 1
10151 Croydon Way, Suite 3
Sacramento, CA 95827-2106

Dear Mr. Pinasco:

Enclosed with this letter is a proposal by PRC Environmental Management, Inc. (PRC) to dispose of investigation derived wastes (primarily soil cuttings and purge water) on-site at Crows Landing Naval Auxiliary Landing Field. The wastes were generated during the completion of site investigation activities at Crows Landing and are currently contained in 55-gallon steel drums.

PRC would appreciate your response to this proposal within 30 days. Please call me at 303/295-1101 if you have any questions or comments regarding this proposal.

Sincerely,

PRC Environmental Management, Inc.
