Subject: Notification of planned field sampling activities at UST Cluster 2, NASA Crows Landing Flight Facility

Hello All,

The purpose of this message is to provide 72-hour advance notification of planned drilling and soil sampling activities at UST Cluster 2. The field activities are scheduled for 21 and 22 October 2002 and you are welcome to visit the site to observe the field work.

It is possible that all sampling will be completed on 21 October 2002, however, we are allowing for 2 days to complete the sampling work.

Please coordinate all site visits in advance with Eddie Ramirez, project superintendent, at 209 837-0419.

Thank you very much.
