**FINAL TECHNICAL MEMORANDUM, INSTALLATION RESTORATION PROGRAM
SITE 11A, CURRENT AND FORMER SEWER SYSTEM, NASA CROWS LANDING
FLIGHT FACILITY, CROWS LANDING, CALIFORNIA**

Dear Ms. Hurst:

The Department of Toxic Substances Control (DTSC) has reviewed the May 31, 2006, Technical Memorandum which summarizes the investigations conducted at the former and current sewer systems at Installation Restoration Program Site 11A from 1997 to 2004.

Following a review of the data presented in the draft document, and the Navy's subsequent response to comments via teleconference and email, DTSC agrees with the recommendation of No Further Action recommended.

As discussed with staff, please submit a No Further Action decision document in support of the Technical Memorandum's findings. Please contact Ms. Francesca D'Onofrio at (916)255-3603 or FDonofrio@dtsc.ca.gov if you have any questions or comments.

Sincerely,

Anthony Landis
