RE: MCAS EL TORO GROUNDWATER REMEDIATION PROJECT

Dear Mr. Piszkin:

Enclosed is the monitoring report for the month of March 1992, submitted by Hadley Industries Environmental Technologies, for the Groundwater Remediation System at MCAS El Toro in Santa Ana, California.

Hadley Industries has been contracted by the Department of Navy to operate and maintain the system for a twelve month period, beginning in October, 1991. This contract includes monthly monitoring and inspection, as well as scheduled collection and analysis of groundwater samples.

Please feel free to call me at 1-800-345-4227 if you have any questions regarding this report.

Sincerely,  
HADLEY INDUSTRIES

Donald A. Klemm  
Operations Manager
