Subject: EPA Review Comments on the Draft PRR of the RFA for  
US Marine Corps Air Station El Toro

Dear Mr. Nuzum:

This letter transmits our comments on the Draft PRR for the RFA for MCAS El Toro. In general, we find the PRR to be a very thorough and useful document which will serve as a first step to the completion of the RFA at the MCAS EL Toro site. We are pleased with the approach you have taken and find the document to be of very high quality. However, some concerns need resolution prior to the submittal of the draft RFA and determination of the sites to be incorporated into OU 4. Most of our comments request clarification or additional information for some items.

If you have any questions regarding the attached comments or if you wish to discuss other matters related to the RFA, please contact John Hamill of my staff at (415) 744-2391.

Sincerely,

A handwritten signature in cursive script, appearing to read "Julie Anderson-Rubin".

Julie Anderson-Rubin, Chief  
Federal Enforcement Section II
