Lieutenant Michael W. Rehor  
Environmental Director  
Facilities Management Department  
Marine Corps Air Station El Toro (1JG)  
Santa Ana, CA 92709 001

Dear Lieutenant Rehor:

Per instructions from Ms. Judy Cortez at San Diego, I am writing this letter to officially request information regarding the cost/price list of water quality sample analyses. I am especially interested in the pricings of general mineral, metals, and volatile organic compounds (VOCs) of water samples.

Your assistance in this matter will be greatly appreciated.

Should you have any questions regarding my request, please feel free to call me.

Thank you.

Very truly yours,

Orange County Water District
