Re: Extension Request for MCAS El Toro

Dear Mr. Pawlisch:

I am writing in response to your letter dated December 29, 1994, received by fax on the same date, requesting extensions of the deadlines for Operable Units (OUs) 2 and 3 set forth in Appendix A of the Federal Facility Agreement (FFA) for Marine Corps Air Station (MCAS) El Toro.

As a result of telephone conversations held today between Jane Diamond, Dana Sakamoto and Alice Gimeno, I understand that we are making good progress towards reaching agreement on revised FFA schedules for MCAS El Toro. To allow these individuals to continue these positive discussions, with full involvement of the Base Closure Team, this letter acknowledges the mutual agreement made during today's conversations that the deadline for the regulatory agencies to respond to your December 29, 1994 letter has been extended to February 24, 1995.

If this letter does not accurately reflect your understanding of the agreement made, please notify Karen Goldberg of our Office of Regional Counsel immediately at 415/744-1382, as our response to your letter is currently due on January 30.

Sincerely,

for 

Julie Anderson, Director
 Federal Facilities Cleanup Office
