Dear Mr. Alonzo:

At the Technical Review Committee (TRC) meeting held on April 23, 1990, we announced that our draft Remedial Investigation (RI) workplan was tentatively scheduled for completion in mid-July, and that a TRC meeting would follow in late July or August. Because of prolonged negotiations on the Federal Facilities Agreement, the workplan will now be finalized in September, with a TRC meeting held in late September or October. We will advise you of the exact meeting date when the draft RI workplan is distributed.

If you have any questions, please contact Mr. Jorge Martires, Environmental Engineer, at (714) 726-3701.

Sincerely,

**J. R. FAUNCE, CAPT, CEC, USN
Director, Facilities Mgmt. Dept.
By direction of Commanding General**
