Re: Notification of Comment Period Extension Request for the EOD Range Evaluation Workplan and the UXO Surface Sweep Work Package for Site 1, Marine Corps Air Station, El Toro

Dear Mr. Gould:

EPA received the above documents on April 2, 2001 and April 11, 2001, respectively, with a request for a 2-week review period for each. EPA is providing written notification to extend the comment period for an additional 30 days from receipt of the EOD workplan. We plan to submit comments on both documents by May 3, 2001.

Given that these documents should be reviewed in conjunction, as well as the fact that this is the first time we've seen them, the 2-week review period is not enough time for EPA to do a thorough review.

If you have any questions, please call me at (415) 744-2366.

Sincerely,
