Dear Mr. Gould:

We have completed our review of the above-referenced document, dated July 30, 2001, which we received on August 6, 2001. According to the report, the AST was used to store propane and had a capacity of approximately 500 gallons. The AST was removed from the site in March 2001.

Based on the information contained in the July 30, 2001 Technical Memorandum, Former Above Ground Storage Tank (AST) Site 315, we concur with your request for no further action at this site.

If you should have any questions, please call me at (909) 782-4498, or send e-mail to phannon@rb8.swrcb.ca.gov.

Sincerely,
