### COMMENTS ON DRAFT FEASIBILITY STUDY ADDENDUM, OPERABLE UNIT 3A, IRP SITE 8, FORMER MARINE CORPS AIR STATION, EL TORO

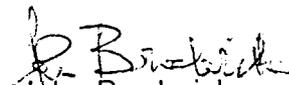

Dear Mr. Piszkin:

We have reviewed the above referenced document, dated March 2005, which we received on March 10, 2005.

The original 1997 feasibility study for Site 8 evaluated remedial alternatives to address non-radioactive constituents of concern. This addendum presents analysis of alternatives for remediation of radium 226. We have no comments on this document.

For any questions, please call me at (951) 782-4494, or send email to [jbroderick@waterboards.ca.gov](mailto:jbroderick@waterboards.ca.gov).

Sincerely,

  
John Broderick  
SLIC/DoD Section
