RE: Extension Request for Installation Restoration Program (IRP) Sites 2 Ground Water,
Federal Facility Agreement (FFA) Appendix A
Former Marine Corps Air Station (MCAS) El Toro, California

Dear Mr. Piszkin:

The U.S. Environmental Protection Agency (EPA) has reviewed the extension request and updated FFA Appendix A schedules for IRP Site 2 Ground Water at the former MCAS El Toro.

The extension request is for the delivery of the Draft Proposed Plan and also effects the delivery schedule for the Draft Record of Decision by a corresponding timeframe. The EPA approves this extension request for IRP Site 2 Ground Water as addresses EPA comments on the Draft Feasibility Study Addendum is a necessity prior to the development of the Draft Proposed Plan for this site.

If you should have any questions, please feel free to call me at 415-972-3349.
