EXTENSION REQUEST, DRAFT FINAL RECORD OF DECISION (ROD),
INSTALLATION RESTORATION PROGRAM (IRP) SITES 3 AND 5, FORMER MARINE
CORPS AIR STATION (MCAS) EL TORO, IRVINE, CALIFORNIA

Dear Mr. Weissenborn:

The Department of Toxic Substances Control (DTSC) received the subject ROD on October 9, 2007. The ROD documents the selected remedy for IRP Sites 3 and 5, which are two former trench-and-fill landfills located on the east side of the former MCAS El Toro. The remedy consists of capping with a single-barrier cap utilizing a flexible membrane liner, and institutional controls and monitoring.

In order to allow us time to finalize our comments on the ROD and to coordinate comments from the California Department of Public Health on radiological issues, we request an extension of thirty (30) days as allowed in the Federal Facility Agreement. Accordingly, we will provide comments by December 8, 2007. If you have questions about this extension request, please contact Mr. Quang Than at (714) 484-5352 or than@dtsc.da.gov.

Sincerely,

John E. Scandura, Chief
Office of Military Facilities
