Subject: Draft Final RI/FS Report for AA-3, El Toro

Hi Debra,

DTSC has reviewed the subject document and found that it has adequately incorporated the Navy's responses to DTSC's comments on the draft document. The California Department of Fish and Game also found the subject document acceptable and requested that upon release, a copy of the Final RI/FS be sent to their agency.

ks,

Quang Than, Remedial Project Manager, Brownfields and Environmental Restoration Program,
Department of Toxic Substances Control, 5796 Corporate Avenue, Cypress, CA 90630, 714 484
