Dr. Dan Dickinson  
The Irvine Company  
550 Newport Center Drive  
Post Office Box 6370  
Newport Beach, CA 92658-6370

Dear Dr. Dickinson:

On April 17, 2008 we sent you a letter requesting access to Irvine Company property to conduct a field survey for munitions debris (MD) which is adjacent to former Marine Corps Air Station (MCAS) El Toro, Installation Restoration Program (IRP) Site 1, the former Explosive Ordnance Disposal (EOD) Training Range.

On May 15, 2008 the Irvine Company forwarded us an executed copy of Entry Permit No. AGEP070108 which grants the Navy access to the property. We are currently planning to be in the field during the month of September 2008. Attached for your information is the *Final Munitions Characterization Work Plan, Installation Restoration Program Site 1, Explosive Ordnance Disposal Training Range, Former Marine Corps Air Station El Toro August 2008*.

The planned confirmation survey will be conducted in a similar manner to previous surveys, whereby qualified unexploded ordnance (UXO) technicians will visually scan and survey the ground surface using metal detectors to identify, investigate/characterize, and collect any MD that was exposed by the Santiago Canyon wildfire. The methods and procedures of this confirmation survey are presented in the attached Work Plan.

We will provide you with a minimum of one-week advance notice of initiating our field activities. Should you have any questions concerning the attached Work Plan or field activities, please contact Mr. James Callian at (619) 532-0779.

Sincerely,

ELIZABETH A. LARSON  
Real Estate Contracting Officer
