NAVAL STATION, TREASURE ISLAND, HUNTERS POINT ANNEX

In our letter of October 23, 1987, we provided our schedule for accomplishing the work plans and reports for site studies at Military Construction (MILCON) projects at Hunters Point Annex. We also indicated that we would provide copies of the draft work plans for your review and comments. The purpose of the site studies is to assess the suitability of each proposed site for construction of the planned projects.

Enclosures (1) and (2) are the draft work plans for the Auto Repair Work Shop (MILCON Project P-9038) and the Medical/Dental Facilities (MILCON Project P-137), respectively. The remaining work plans are under preparation and will be forwarded for review as soon as they are completed.

We request that you review enclosures (1) and (2) and provide comments to Commander, Western Division, Naval Facilities Engineering Command, (Attn: Mr. Alex E. Dong, 1146, (415) 877-7504). We appreciate your cooperation in expediting your review and providing your comments within 30 days of the date of this letter.

Sincerely,
