Captain C. Vaught
Commanding Officer
Naval Station Treasure Island (Hunters Point)
San Francisco, California 94130-5000

Dear Sir:

We have reviewed the possibility of acquiring land at Naval Station Treasure Island (Hunters Point) if it closes and decided that these lands do not possess wildlife values that would presently justify acquisition by the U.S. Fish and Wildlife Service. Please see that this decision reaches the appropriate people. If you feel that we have overlooked important wildlife resources, we would be happy to reconsider.

Sincerely,

Acting Regional Director
