Berkeley, CA 94710

Dear Mr. Flippo and Mr. Malinowski:

Enclosed please find the responses to comments on the Draft Benchscale Treatability Test Plan for Recycling Hunters Point Sandblasting Grit Into Asphalt . This submittal formalizes verbal resolutions to review comments coordinated by Mr. Jeffery C. Heath of the Naval Civil Engineering Laboratory. In lieu of an additional submittal of a Final Benchscale Treatability Test Plan, the enclosed addendum is submitted to update the draft document into a final plan. If this procedure is satisfactory to all agencies concerned, the Navy is preparing to conduct the bench-scale tests on December 18-19 at R&G Environmental's laboratory in San Jose.

Should you have any questions regarding this matter or if there is interest in observing the tests, the point of contact is Commander, Western Division, Naval Facilities Engineering Command (Attn: Raymond K. Chiang, Code 1811RC, (415) 244-2554.)

By copy of this letter, this documentation is also being submitted to other concerned regulatory agencies.

Sincerely,

original signed by:

MICHAEL A. MIGUEL
Head, Environmental Restoration Branch
