Yohji,

Below is a suggested comment/change by the DTSC. This comment refers to the ARAR on page 1-23 of the Draft Final ROD that starts of stating - A land use covenant imposing..... They would like to change the text to how it is stated in the attached table. What do you think about this change?

Please call to discuss.

Thanks,

Bob Hunt

Keith, Melanie, and Rex,
Attached please find Page 1-22, Attachment 1, from the Final Parcel G ROD (2.18.09) previously negotiated and agreed upon. The exact language that was agreed to for the Parcel G ROD can also be used for the Parcel C ROD. If this is a problem or the Navy's position has changed with respect to this issue, please get back to me immediately so that we can setup a call to discuss. Otherwise, please modify Page 1-23, Attachment 1, of the Parcel C ROD accordingly.

Thanks,
Ryan
