Ser 1811JC/00753

3 JUL 1991

From: Commander, Western Division, Naval Facilities Engineering Command
To: Distribution

Subj: OPERABLE UNIT (OU) IV, INSTALLATION RESTORATION (IR) SITE VII,
NAVAL STATION, TREASURE ISLAND, HUNTERS POINT ANNEX

Encl: (1) Data Submittal; Results of Primary Phase 2A Field Work for Subject Site

1. Enclosed please find, for your review, a report which documents the findings of the Primary Phase 2A Field Work for subject site. This report also contains recommendations for Primary Phase 2B Field Work which is scheduled to commence on 29 July 1991.
2. Please note that the recommendations for the Primary Phase 2B Field Work contain additional sampling locations in the form of borings and wells beyond that originally approved for the primary phase field work in the work plan for subject site dated 22 December 1988. This work was added to supplement known data gaps which have been identified during the formulation of this report and to correct data quality deficiencies which occurred during the analysis of samples collected during Primary Phase 2A Field Work.
3. The Navy requests your concurrence regarding this additional work on or before 19 July 1991. Your approval is needed no later than the aforementioned date to insure timely mobilization for field efforts and ultimate compliance with the schedules set forth under the Federal Facilities Agreement for Naval Station, Treasure Island, Hunters Point Annex.
4. Should you have any questions regarding this matter, the point of contact is Commander, Western Division, Naval Facilities Engineering Command (Attn: Julie Carver, Code 1811JC, (415) 244-2557.)
