Dear Mr. Gee:

Enclosed is the Federal Facilities Agreement Interim Amendment for the Hunters Point Appendix A schedules. The Amendment is considered interim because it will be modified when the RI/FS schedules are negotiated this fall. The dates in this amendment reflect agreements reached by the FFA parties in recent meetings, with some minor modifications. We would like to meet with you and the State of California agencies to discuss any remaining issues, within the next two weeks. After concurrence on the schedule by all of the parties, we will proceed with formal signature of the amendment.

In conjunction with successful revision of the Navy's Management Plan, final approval of this schedule amendment would enable us to draw our current dispute to a close. Please call me at (415) 744-2385 if you have any questions. I will contact your office to arrange a meeting time to final the schedules.

Sincerely,
