Dear Ms. Arvizu:

Enclosures (1), (2), and (3) are being forwarded to you as required by Navy policy on site specific approval for laboratory services. This request is for a follow-up investigation at Site 6A or the old Defense Property Disposal Office (DPDO) yard, Naval Station Long Beach, Long Beach, California.

Enclosures (2) and (3) were taken from the original Remedial Investigation/Feasibility Study Sampling and Analysis Plan developed by Jacobs Engineering Group, dated September 13, 1993, for Sites 1 through 6A.

Enclosure (3) or the Field Sampling Plan (FSP) has been abridged to reflect follow up work only at Site 6A and site specific information on Sites 1 through 5 has been removed.

If there are any questions or concerns, please contact the undersigned at (619) 532-3329.
